through a land unknown to the white man, there flowed a river. The early Indians of the land knew the river as PESKETUK. It contributed greatly to their livelihood, supplying them with food and a means of transportation.

This river, now known as the Connecticut, is the foundation of our community. We appreciate our history and the part it will play in our future. To honor the origin of our area, we are proud to call our yearbook . . .

Sue Chase 1990

Have you noticed anything? This yearbook is not just another ordinary high school yearbook. It is a book that has been carefully planned and put into chronological order to record the most significant events in the past year. In this yearbook we will compare the events that took place 25 years ago and what happened in the year 1990. We are proud of our history and proud to bring you this book which honors the past years and vividly records the most recent one. We hope you enjoy your travel back in time when the name Peske-Tuk was first being used.

The Alma Mater is an important part of our school's history. It had been well established more than 25 years ago. The Alma Mater is a song which is regularly heard at the closing of rallies. It is also printed on the back of the student handbook. This tradition is one that will last a lifetime.

Alma Mater

Alma Mater, we will keep
Sacred, your honor true.
Loyal and faithful to the end
To your colors white and blue
Turners we love thee,
Love thee true.
Thou art our guiding star.
Came from the snow the purist white
Came from the skies the blue
Long have you guided in the right,
Giver of gifts, we sing to you.
Here's to our dear Alma Mater,
Here's to our dear Turners High.

Once upon a time . . .

school was dismissed at 1:00 each day. Do you believe it? Picture Mr. O'Riley during his high school years. A typical day began at 8:00. He had a ten-minute break at 10:20, then classes resumed until 1:00. The cafe was open after 1:00 if you wanted a small snack, otherwise, you went home for lunch. At 2:30 everyone was expected back at the school for sports, activities, or extra help. Detention was held from 2:30 until 4:00. There was no excuse for not being there.

Can you imagine having 25 clubs and activities to choose from? There were so many because a vast majority of students attended them; there was something for everyone. Clubs and activities were the focal point of each student's life. If there was an activity going on, such as a dance, it was unusual if people didn't attend, because everyone went to have a good time. To get into dances or other activities, many students had a special card which was purchased at the beginning of the year for about $5. This card enabled one to get into all school functions for free.

Can you imagine paying only $35 for prom? The guys did. The average cost for a girl was $75. The Junior Prom was held in the school gymnasium. The dance lasted until about 10:00, and after, everyone went out to dinner.

Can you imagine not being able to wear jeans? The boys had to wear dress pants or corduroys. The girls were always in skirts with a blouse or sweater, or a dress.

That was then . . . . .

BOOSTER DAY '89

The excitement and enthusiasm of this year's Booster Day '89 was one to remember. Floatmaking started two weeks ahead with "Saturday Morning Cartoons" as the theme. The seniors worked on "Flintstones," the juniors, "Elmer Fudd," the sophomores, "Mighty Mouse," and the freshmen, making their first float, "Popeye."

Spirit week found students decorating their respective halls with crepe paper streamers, posters, and balloons. Each day students dressed according to the theme of the day — clash, fluorescent, blue and white, sports clothes, and class colors.

On Thursday, at the coronation assembly, Jim Dion, master of ceremonies, announced the royalty: Lady in Waiting and Knight, Kris Semb and Kate Letourneau; Duke and Duchess, Dani Letourneau and Matt Pelis; Prince and Princess, Jen Zayac and Bill Hildreth; and Shelley Deso and Jarod Boissonneault to lead the court as King and Queen.

The Booster Day Rally was held on Friday evening and featured the Turners Falls High School Band and cheerleaders. Each class vied to see how much noise they could make in competition for the Spirit Award. The freshmen class, in an effort to make their players "Popeye" strong, presented football team members with cans of spinach.

Saturday's parade was led by Grand Marshal, Mrs. Susan Sibley, former school committee chairperson. Students marched with their floats from Unity Park to the high school and then gathered for the football game between Turners and Mohawk. During the spectacular half-time performance, which included not only our high school band but TFHS alumni, the Spirit and Float awards were announced — Spirit going to the freshman class and the Float Award to the sophomore class with the junior class taking second place. Our Turners' squad played an awesome game, but unfortunately lost to Mohawk. Booster Day this year was a huge success and did accomplish its task: getting students, faculty, parents, and administration to work together toward a common goal — hard work, fun, and a renewed sense of school spirit!

HOLD ON TO THE NIGHT

For many years, it has been a tradition for the junior class to put on a prom for the seniors. This tradition was followed by the Class of 1990.

They began preparations for the Prom of 1989 with lunch meetings during the middle of sophomore year. Michelle McCord was elected chairperson of the prom committee, and this committee had many decisions to make such as where to hold the prom, what the theme would be, and what mementos would be given out. Also, the job of fundraising for the prom was that of the prom committee. Money was raised through car washes, bottle and can drives, the selling of candy, and the collection of class dues.

Finally the decisions were made; the prom would be held on May 12 at Page's Loft at the Northampton Hilton. The theme would be "Hold On To The Night." Tickets would sell for $20 each, music would be provided by the band "Paris" and, for the first time, there would be a comedian for entertainment. Brown's Toy Store was hired to help with decorating the ballroom. The room had a mirrored ceiling which would be accented by blue and white balloons and by silver stars and moons.

On arrival at the prom, each girl received a single white rose as she went through the receiving line. At each place setting there was to be found a champagne glass embossed with a crescent moon and rose, the theme of the prom, and the year 1989 printed on it. Also there were booklets and scrolls which listed everyone who attended and at which table they were seated.

Jill Thayer and Todd Dodge were elected to reign as King and Queen of the 1989 prom.

Even though outside that night it was raining, inside there was an enjoyable evening being had by all.

A champagne glass, booklet, scroll, and white rose made up the table setting.

EVERYONE IS SPECIAL

Coming up with a label to describe someone is often difficult. Everyone is unique and special in their own way. This year we decided to make some history of our own. We felt that everyone deserved a special superlative, so we included it in their senior write-up. However, it was also decided to picture the more traditional superlatives, sometimes awarding a superlative to more than the usual number of recipients. Originally, superlatives recognized only one student in each category. Some examples of these were: Most Popular, Most Athletic, and Did The Most For The Class. As the years passed, superlatives were expanded to include such areas as Best Car, Class Couple, and Most Spirited. This list seems to be compounded every year. It is an honor to be chosen by your class as the representative of a superlative. The voting and notifying of the recipients is an exciting time in anyone's senior year. We'd like to congratulate everyone this year with a special superlative — we're all making history!

Seniors Bring Out

From top to bottom: Michelle McCord shows us what's for lunch while the rest of the Senior gang chow. Craig Brown, do you always smile on your way to class? Bobbie and Billie Beaubien aren't just sisters, they're friends too. The benches in the lobby are always a favorite spot for Heather Lubold and Charlotte Edwards. Mark Burnett always has a smile for everyone he meets. Is that Bobby Brown? No, it's Ricky McMillan. Erica Field and Michelle Adams show what good friends they are.

Their True Colors

From top to bottom: Tina Smith, did we catch you by surprise? Scott Cromack and Pat Martineau show what REAL men they are. Deb, what did Cathy ever do to deserve that punishment? Kris Bourbeau laughs as "Boog" Lessard does his calculus homework. Hey Lori — Wanna let us in on the joke? Tracy Barnes, Staci McConley, Melanie Adie and Nicole Stebbins often "hang out" together. Gail Falcon and Holley Fiske prefer their lockers to cafe study. Cindy Deome and Amy Paulin have always been good friends, and they'd like to let everyone know.

TURKEY DAY 1989

If you look at the score of this year's Turkey Day Game, (28-12) your first thought is "what a depressing game that must have been." But this is not true! It was a game played with optimism, intensity, spirit, and excitement. Even with the freezing cold, Greenfield was predicted to win by as many as five touchdowns; but the Turners' football team showed Greenfield what they were made of and held their own. At half time the score was only 8-0, in favor of Greenfield; so far this T-Day Game was not the blowout it was supposed to be. The Turners' fans were optimistic about the rest of the game; and they hoped that as the team came out of the locker room, their renewed spirit and energy could win the game.

This was the "game of the season" and an exceptional game was played by all of the seniors on the team. Dave Gerrish had two pass receptions, Craig Brown and Jim Dion had an outstanding game at defensive ends and led the offensive line. Shane Voudren had a key interception, Jake Casino scored a touchdown, and Kris Bourbeau was the leading rusher and he also scored a touchdown.

As the final seconds ticked off the clock, Turners was saddened by the loss of the traditional Turkey Day Game; but everyone felt that the TFHS Football Team had done its best against such a fine team as Greenfield. The intensity, energy, and teamwork that was shown on this day will be hard to match in years to come.

Back in the locker room the seniors, win or lose, were saddened to realize that a four-year high school career was over. It was a very emotional time for them as they, for the last time ever, took off their game shirts.

As for the underclassmen, they had an excellent J.V. season (6-1) and are anxious and optimistic for a new season to begin.

AROUND THE WORLD IN EIGHTY DAYS

KOREA

Angela, Ed, and Steve Smith all went to Seoul, Korea, to see the summer Olympics of 1988 and to see their mother's side of the family who lives there. They stayed in Seoul for ten weeks starting from the end of July.

In the Korean culture just about everything was different, though they were becoming "westernized." Also the Koreans were very hospitable to you when they knew you were an American. The merchandise found there was also cheaper than in America.

There were similarities seen between the American culture and the Korean culture through the younger generations. Korean teens wore some of the same clothes and listened to some American music.

Angela wanted us to know that this trip really made her appreciate her life and living in the States in general. Even though Korea is developing rapidly, it's still a poor country. People live in small apartments and don't enjoy the "luxuries" we do.

SPAIN

Gail Falcon vacationed in Spain for 6½ weeks. During her stay in Spain she noticed that they have the same type of pasttimes as we do in America. They dance, shop, lay in the sun, and participate in sports.

The culture seemed different to her in the way that men treated women. They treated the women as if they were slaves to men. Also there is no drinking age in Spain; it is suppose to be 16, but it's not enforced. The families are much closer than the families are here in the United States. They all sit down at the dinner table together and talk about what has happened that day. They also make their education their first priority. It's important to them to do well in school, so that they will be able to make something of themselves.

Gail is planning to go back to Spain in 1992 for the Olympics.

STUDENTS WHO HAVE TRAVELED ABROAD

MEXICO:

Michelle McCord went to visit Barbara Bortoni, an exchange student at TFHS during the 1988-89 school year, in Monterrey, Mexico. Michelle spent 9 days there instead of her expected 10 days because she had not known that in order for her to enter the country of Mexico, she needed a notarized paper from her parents stating that she could enter the country. The reason for this was due to all the kidnappings and other happenings in the country.

While there Michelle got to know and talk to some girls. These girls didn't have jobs and wouldn't even think of working. Everyone had at least one maid, who did most of the cooking and cleaning, and the houses were all cement and not wood, and there weren't a lot of decoration in the homes. Another experience that Michelle had that showed the difference in cultures is when she went to a birthday party at a disco and found out that if you weren't asked by a guy to dance, you didn't dance either fast or slow!

A bull fight in Monterrey, Mexico.

CANADA:

The French Club went on a four day trip to Montreal and Quebec during their 1989 April vacation. The reason for this trip was because they all wanted to experience the French language first hand.

Most of the people they encountered on their trip were friendly. In Quebec the people would approach you speaking French and if you didn't understand, they would automatically switch to English. One of the major attractions that they visited in Quebec, inside the walled city was the Chateau Frontenac, which was converted into a ritzy hotel.

In Montreal, being that it is an international city, English was more wide spread. The students found that Montreal is a lot like New York City because of its night life.

Debbie Bogue and her swim team enjoy themselves at a Bar-B-Que before they head for home.

SWEDEN

Debbie Bogue had the chance to visit Sweden for four weeks, when she represented the United States in swimming through the program "Sports for Understanding."

During Debbie's stay she traveled through the country training and touring in such places as Mora, Stockholm, Sundbyberg, Landskrona, and was also able to see a national swim meet and visit the Hard Rock Cafe.

She found that the people were very relaxed and everyone was very friendly and helpful. Almost everyone spoke English, Swedish, and a few other languages. The clothing that they wore was very American, but such things like Levi's and Converse sneakers were very expensive. When Debbie was asked if she would like to visit there again, she said she would love to.

Once upon a time . . .

Many many people used to be involved in clubs and activities. Even though all of the meetings were held either after school or sometimes during the evening, most people had no problems attending. Today most of the meetings are held during the school day or for only a few minutes after school. This is because most people either work, play sports, or do both. Each club tried to meet at least once a week.

Most people jumped at the opportunity to attend the meetings because it was a chance to socialize with friends during their school day. Other than a fifteen-minute break in the middle of the day, the organization meetings were the only time to be with friends. Today we have four minutes between classes, study halls during which you can socialize, and a forty-five minute lunch period during which people eat and socialize, club meetings do not seem to be as popular. On the following pages you can see the few clubs that we have today. The following are some of the clubs that met fifteen years ago: Junior Price Speaking, Pro Merito Society, newspaper, French Club, history club, Spanish club, chess club, band, German band, American band, swingsters, girls and boys glee clubs, library aides, office girls, community service club, manual training, home economics, and twirlers.

T-Clubs

When students have achieved exemplary skills and sportsmanship qualities through dedication to their sport, determination, sometimes blood shed, and non-selfish acts toward their team mates, they are rewarded with a varsity T. This varsity T gains them entrance to the T-Club. When a student enters the T-Club, they feel as honored as a warrior who, after perseverance and bravery in battle, is dubbed into the Knighthood.

Senior T-Club Members Include: M. Albright, S. Avery, B. Beaubien, B. Beaubien, D. Bogue, J. Boissonneault, K. Bourbeau, C. Brown, T. Campbell, J. Casino, A. Crowell, C. Deome, S. Deso, J. Dion, C. Underclassmen

Peer.-Ed.

The Peer Educators are a group of very dedicated students who meet weekly to develop programs to benefit students of all ages. They have been trained by the Franklin Medical Center and Prevention One to act as "resources" for other students in the areas of peer relations and substance abuse.

One of their major responsibilities is education within the elementary schools. They work with the D.A.R.E. program and have taught lessons at area elementary schools. They have also been involved with the Great American Smokeout, TFHS Health Fair, and regional peer ed. conferences.

Their goal is to increase the school's awareness as to what peer education is all about and what we can do for the community. They are optimistic that through their continued efforts of fundraising and increased public relations this will be accomplished.

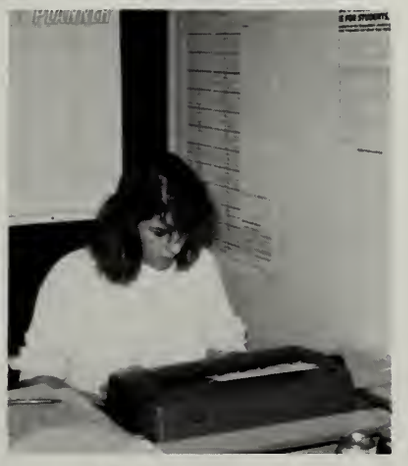
At Bryant College Tracy Lapointe needed a little help with her photography assignment. Clockwise from 12:00: Missy Albright, Angela Smith, Tracie Campbell, Debbie Bogue and Michelle Hammock.



The yearbook conference this summer at Bryant College was quite an experience for Tracy Lapointe and Michelle Hammock.

"Stop working and come to the dance for a while," are Angela Smith and Missy Albright's feelings after lectures all day at Bryant.

Late night hours are often kept by Tracie Campbell just before a deadline.

Period 5: Deb Bogue explains to Cindy Deome how copy needs to be formatted; Sue Avery looks for old pictures and new ideas in other yearbooks; and Kelli Moore checks to see who still hasn't paid for their ad yet.

The yearbook staff is made up of people who have dedicated all of their free time to this book. Staff members can often be seen running frantically through the halls, searching for pictures, scoreboards, and write-ups, so deadlines can be met. This job is very time consuming and a lot of effort must go into each page. Skills such as cropping pictures, drawing layouts and fitting copy are necessary to build a good book and these things do not come easily. It takes practice and dedication for pages to come out perfectly. To the staff, deadline is a word that means last-minute rushing around, nothing goes right, and short tempers. Many do not realize the time it takes to prepare a book such as this; so if you see a staff member in the hallway, remember it was that person who put together your whole high school year into one book so you could remember it for a lifetime.

Student Council

It all started at the Transition Ceremony at the end of the school year. This is when the newly elected officers were officially put into office. The goal of the new officers was to make 1989-90 a new and innovative school year. Their aim was to better involve the members of student council and the student body in order to improve the school system.

Throughout the summer the officers met periodically to plan the activities for the year. During the summer the class officers and the Student Council officers held a car wash to benefit Ed Brown, a former TFHS student who has had a lengthy hospital stay.

As the first day of school neared, the members were excited about the activities that had been planned.

A conference was held on September 24th. This was held to brainstorm ideas for activities that the student council would be involved in, such as: Booster Day, Golden Apple Award, Hyannis Conference Award, Smoke-Out Campaign, Fundraisers, Adopt-a-family, Traditional Service with N.E.L.C.W.I.T., Greenfield Survival Center Drive.

The Student Council has helped make TFHS a better place by helping the student body. This could never have been accomplished without the help and support of the faculty, administration, and Mr. Avery, our advisor. The Student Council hopes that in years to come, future councils will follow the traditions set by them.

Student Council Officers: President: Jennifer Nietsche, Vice-President: Nicole Letourneau, Secretary: Debra Bogue Treasurer: Jennifer Strysko, Parliamentarian: Michelle McCord.

Seniors: June Sauter, Jarod Boissonneault, Tara Perkins, Nicole Letourneau, Kelli Moore, Charlotte Edwards, Bobbie Beaubien, Deb Partridge, Cathy Smith, Cindy Deome, Missy Albright, Carrie Task, Sue Avery, Michelle Hammock, Jennifer Nietsche, Debbie Bogue, Jen Strysko and Michelle McCord. Juniors: Sarah Jenks, Chanda Waryas, Wendy Caouette, Kathi Holmes, Becky Cress, Tracy Hanrahan, Craig Bodenstein, Jason Valley, Sean Sexton, Justin Moltenbrey, Steve Kalinowski, Evelyn Carey. Sophomores: Dani Letourneau, Angela Wonsey, Lisa Laczynski, Sue Stachelek, Ebony Stewart, Ryan McCord, Jennifer Stafford, Karen Hildreth, Travis Lively, Susan Burnham and Sonya Lamonakis. Freshmen: Eric Bodenstein, Chris Zink, Katie Letourneau, Angela Interlande, Jeff Morin, Robyn Barber, Norman Emond, Warren Thomas, Tim Grader, Xavier Jackman, Kevin Neville, Graham Russin, Andrea Beaubien and Angela Burek.

Class Officers

JNIORS-President, Sarah Jenks; Vice President, Chanda Waryas; Secretary, Wendy aouette; Treasurer, Kathi Holmes; Historian, Becky Cress; Advisor, Mrs. Jenks.

OPHOMORES-Secretary, Lisa Laczynski; President, Dani Letourneau; Historian, Eb- ny Stewart; Vice President, Angela Wonsey; Treasurer, Sue Stachelek; Advisor, Mrs. aczynski.

RESHMEN-Vice President, Chris Zink; Treasurer, Angela Interlande; President, Eric odenstein; Secretary, Katie Letourneau; Historian, Jeff Morin; Advisor, Mrs. Neville.

Each class has five officers. The duties and obligations of each officer is very similar throughout all of the classes, depending upon what the needs are for each particular class.

This year's Senior class officers are president, June Sauter; whose job is to designate committees and chairpeople and to see that all meetings are run smoothly and all planned events are followed through. Jarod Boissonneault, as vice president, fills in if the president is absent. Tara Perkins, as secretary, keeps an accurate account of the happenings in class meetings. Nicki Letourneau's job as treasurer is to make sure everyone pays class dues and to keep track of class income and expenses. Kelli Moore's job as historian is to make a history of events and fundraisers of the year, and to collect pictures and clippings from the media.

This year's class officers are aiming for class unity and more participation in class events. They have tried to get everyone's involvement by forming three committees such as fundraisers, led by Cindy Deome and Kelli Moore to plan and execute fundraisers for the class. Second, is the class trip committee, led by Jen Nietsche, who looks into possibilities (prices and places) for the class trip. Lastly, is the class gift committee, led by co-chairs June Sauter and Tara Perkins, who look into possibilities suggested by the class to get a gift useful to the school and in remembrance of our class.

National Honor Society

When one thinks of the National Honor Society, they think of academic excellence, leadership, and service. These are the characteristics that describe the 22 juniors and seniors with a grade point average of 3.2 or above that comprise this year's National Honor Society.

An election of officers was held at the start of the year. Elected president was Amy Paulin, followed by Jen Strysko for vice president, Nicki Letourneau for secretary, and Missy Albright for treasurer.

At a school committee meeting attended by the Advisor, Mr. Stan Dobosz, Amy and Jen, our request for privileges was presented, and soon after, senior members had the honor of a special open campus. These privileges were greatly appreciated by all.

In the past, the Society has carried out some very successful activities such as making Christmas cards to be placed in the nearby nursing homes. We hope to repeat this again this year, along with planning for our upcoming induction ceremony.

The National Honor Society would like to extend a sincere thank you to Mr. Dobosz for all of his time, effort, and understanding as our advisor.

As Schools Match Wits

The As Schools Match Wits team consists of students whose academic rankings are quite high. They have a meeting each week, usually at lunch. During most of these meetings, the members compete in mock competitions, either among themselves, or against a very enthusiastic faculty team. Organized by advisor, Mrs. Bergeron, the matches consist of a series of questions and answers which are usually taken directly from Channel 22 television show "As Schools Match Wits." On television two high school teams which reside in the Channel 22 area compete in matches against each other.

Spanish Club

1st Row: L. Lemon, V. Lemon. *2nd Row:* Mrs. Smith, Advisor; J. McKinnon, M. Hammock, S. Guguere.

This years' Spanish club consists of students in third, fourth, and fifth year Spanish; although, anyone who takes Spanish in the high school is welcome to join the club.

The Spanish Club meets once every three weeks either during lunch in the corridor, or after school in room 206.

At their meetings, they discuss at length which fundraisers they will pursue in order to raise money for a trip at the end of the year. Many times this year, they have discussed different ways to prepare and experiment with different types of Spanish food. For this reason this year's trip may be to a place, not only where they speak Spanish, but a place where food is also served.

The advisor, Mrs. Smith, has traveled to many Spanish-American countries. Throughout her travels, she has learned first hand about many of the customs that Spanish speaking people have. She has also learned which dishes really contain popular Spanish foods, and which dishes the people in this area only think are popular in Spanish-speaking countries. Through her personal experiences she is also able to help the Spanish Club come up with new ideas for dishes to prepare after school.

Chess Club

1st Row: Guy Bompastore, Tim Mallett. *2nd Row:* Toby Dobias, Jeremy Simmons, Bernie Conway. *3rd Row:* Nathan Chase, Russell Page, Mr. Pucko, Advisor.

The Turners Falls High School Chess Club, also known as the "Silver Knights," is in its fourth year under the coaching of Mr. Pucko.

Mr. Pucko is a U.S. Chess Federation member and certified tournament director. He is also a nationally ranked player.

The Chess Club hosts an invitational tournament in the spring. The Student Council organizes and supports this event. All area high schools are invited. Last year, the Turners team dominated play and won first and third team honors.

All students interested in playing chess are invited to attend the weekly meetings on Wednesdays at 2:30 in room 213. Beginners welcome!

Band

Concert Band: Back Row: Scott Cromack, Bill Hildreth, Steve Kalinowski, Ryan Interlande. *3rd Row:* Jamie Tela, Chad Lemere, Willie Willey, Lisa Laczynski, Tina Grybko, Karen Hildreth. *2nd Row:* Michelle McCord, Nikki Hawkins, Jon Allen, Zarrin Brooks, Megan Billiel, Angie Smith, Laurie Bouldon. *Front Row:* Sue Avery, Jeff Woodbury, Jason Stevens, Erica Smith, Heather Sonn.

Jazz Band: Back Row: Bill Hildreth, Scott Cromack, *Middle Row:* Steve Kalinowski, Chad Lemere, Erica Smith, Zarrin Brooks. *Front Row:* Sue Avery, Willie Willey, Michelle McCord, Nikki Hawkins, Jon Allen, Lisa Laczynski, Heather Sonn.

Baton Twirlers: Lisa Serrell, Heather Sonn, Maureen Sonn.

Bill Hildreth is the leader of the drummers.

Mr. C's seniors standing proudly behind him include: Sue Avery, Michelle McCord, Zarrin Brooks, Megan Billiel, Nicole Hawkins, and Scott Cromack.

Megan Billiel and Scott Cromack are definitely dedicated musicians.

Tiffany Sokoloski, Nikki Sopollec and Heather Sonn are always glad to pose with bandfront leader, Mr. Smith.

Flag Squad: Back Row: Jennifer Annear, Nisa Brooks, Kerry Traceski. *Front Row:* Tiffany Sokoloski, Nikki Sopollec.

The marching band once again has had a successful year. They started off with a week of intense marching, playing, and coming together to form a marching machine at Camp Day in East Brookfield, Mass. Already the second day of school the band performed in the Franklin County Fair parade. During the middle of the parade, they performed a live dance to Hail to the Redskins in front of the judges, and by doing so they beat Greenfield to be the #1 band in Franklin County. Two days later they also captured another 1st place trophy in the Franklin County Fair Fireman's Muster Parade. They performed in many half-time shows showing great enthusiasm to tunes such as "Batdance" where Batman appeared live. Finally the band gives many thanks to Mr. C. for all his time and energy and to all of the parents who have donated their time to support the T.F.H.S. band. Many, many thanks to all who have worked in the concession stand.

Chorus And Madrigals

Chorus

Back row: Jen Annear, Natasha Widener, Lisa Serrell, Becky Smith, and Carlotta Moore. *Middle row:* Tracy Barnes, Staci McConley, Becky Streciwilk, Nikki Stebbins, and Tawnya Petrowicz. *Front row:* Erica Smith, Melanie Adie, Mike Courtemanche, Mark Courtemanche, Julie Tomasi, Corey Hanrahan, Angela Young and Heather Sonn.

Madrigals

Chorus is an elective for anyone who enjoys singing — males and females. It is not necessary to be able to read music to be in chorus; most people learn about music reading as they go along.

Madrigals is a smaller vocal ensemble open by audition to members of chorus. Both groups sing a variety of styles of music throughout the school year which they perform at winter and spring concerts, pops concerts, and occasional exchange concerts. Chorus and madrigals also perform for school occasions, such as graduation, and at other places such as nursing homes, The Elder Day Care Center, churches, and clubs.

Singers are encouraged to audition for Western District chorus each year, which is an honors group made up of singers from all of Western Massachusetts.

Back row: Carlotta Moore, Jennifer Annear, Natasha Widener, Lisa Serrell, and Becky Smith. Front row: Tracy Barnes, Staci McConley, Nikki Stebbins, Becky Streciwilk, and Tawnya Petrowicz.

Marching Band

Drum Majors always stand proud as Sue Avery, Nikki Hawkins, and Zarrin Brooks point out.

Drama Club

Back Row: Ora Jones, Michelle Hammock, Evelyn Carey, Soko Kopanou, Sue Osowski, Pat Martineau, Advisor: Mr. Roberts. *Front Row:* Margaret Grey, Chris Clarke, Amy Paulin, Steve Chase, and Heidi Weeks.

This year's drama club and its fifteen talented members was formed by Mr. Roberts as a supplement to the now two-year running Theater Arts program of which he is also the instructor.

Members are comprised of both this year's and the preceding year's Theater Arts students and also some of the student body.

Under the dedicated direction of Mr. Roberts, the drama club is in the process of putting together the production of Harvey, which, after much determination, daily rehearsals, and hard work, will be presented to the public for two nights in April.

Science Team

Back Row: Brian Berthiaume, Jeremy Simmons, Ben Licata, Chris Zink, and Melissa Lint. *Front Row:* Jennifer Nietsche, Katie Letourneau, Advisor: Mrs. Lee, Angela Interlande, and Natasha Widener.

The Turners Falls Science Team, led by Mrs. Lee, will valiantly enter the Massachusetts Science Olympiad on March 17 at Boston University. The team will build bridges, cars, clocks and musical instruments. They will study assorted science subjects for the thrill of the competition. This will be their first year as a team and they expect to do well and have a lot of fun.

Beyond the Olympaid, the team plans to go on trips to museums and attend science related events in the local area.

Ski Club

Back Row: Kera Spring, Chris Semb, Peter Lyman, Kevin Neville, and Janel Brocklesby. *Front Row:* June Rose, Steve Kalinowski, Warren Thomas, Andy Mathey, Aaron Pertruski, and Tim Grader.

This year's Ski Team was exciting for everyone. Some of them were learning and others were pro's, but they all supported each and everyone on the team. Lessons, they didn't think the world of, but found that they really do teach you something. They went every Thursday for five hours and loved to embarrass each other as they fell down. They had a good-sized team this year and hope to have many more next year. The coach, Lorie Falcon, was great. They'd like to say thanks for putting up with them, and they hope she comes back next year. This year's skiing was an awesome experience if they all put their heart in it and didn't mind the screams when they biffed it.

Seniors Bruce Young, Jason Parker, Dave Gerrish, and Cathy Smith are working hard (or was that hardly working?) during Cafe study.

Sophomores Lisa Bartos and Jenn Messer relax on the ramp during lunch.

Jen Stafford jumps out of the way so June Sauter can fight for possession of the ball.

Students in Miss Lee's Man and His Environment class learn about the cells in the body by playing the "Cell Game."

Jen Parent takes a break from gym class to pose for the camera.

During the Yearbook Workshop at Bryant College Michelle Hammock was all smiles!

The Three Musketeers (Debbie Bogue, Tracie Campbell and Missy Albright) are the best of friends and are always seen together.

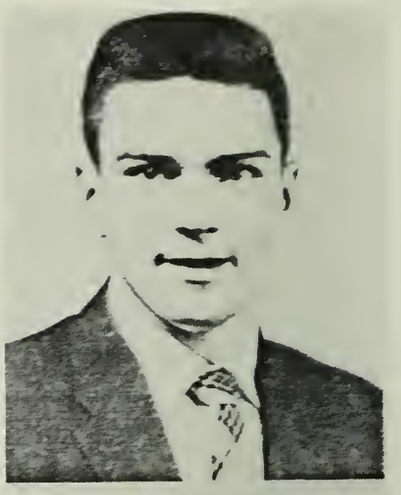
Once upon a time . . .

Senior year is the year that everyone waits for, anticipating the freedom and end of twelve years of school. Those who are younger see the seniors as the "kings of the hill," and can't wait for their turn. It's usually the seniors who dominate in sports, become the captain of the team, president of the Student Council, and the Yearbook editors. With these titles go enormous responsibilities and hours of commitment.

It's true that senior year is the most hectic year of your life. Between college applications, scholarships, financial aid forms, and the usual load of homework, it's hard to find the time to stop and think of this year as a changing point in your life. After this year, things will never be the same again, no matter what you do with your life. There is no longer a safety net of parents and teachers around to support you; you're on your own, making your own choices, good or bad. It's a scary and sad time, because you realize that you soon will be leaving those life-long friends who have been around since kindergarten.

There are a lot of good things that happen in your senior year though. There is nothing like the feeling of knowing that you got into the college of your choice or are getting that new job. We are the future, and hopefully we will all do well, knowing that we have the foundation of Turners Falls High School backing us up. These seniors also had these same thoughts in their minds, and they have gone on to be a part of our foundation.



STANLEY DOBOSZ
"Butch"

"Man is made not only of what he has inherited, but also of what he has acquired."

Never once during his four years of high school did Butch let us down. As our vice-president he was always there upholding the position to which he was elected. On the gridiron Butch displayed his athletic talents in the very best light with many a game saving tackle. Vocally Butch did very well as was shown when he was elected president of the Boys' Glee Club in his senior year. During the winter months Butch put his athletic talents to work on the basketball court and when spring rolled around he was out on the baseball diamond as one of the Turners Falls High School nine. These athletic endeavors earned him a well-deserved place in the T Club. On the scholastic side Butch boasted membership in the History and French Clubs. The social aspects of his high school career were indicated by the fact that he was an usher at our Sophomore Social and Junior Prom.

Class History

FRESHMAN YEAR 86-87

Well! We finally made it to the high school, after one year of junior high then a year of middle school. Mr. Dowgiert took the job of being our advisor. The first thing we had to do in the high school was to construct a float for the Booster Day Parade. The theme was Nursery Rhymes. We constructed "The Three Blind Mice." We did not place, but we had fun making it; and it was our first float. Todd Dodge and Billie Beaubien represented our class as Knight and Lady-in-Waiting. We didn't have many fundraisers, but we had fun selling candy and jewelry, and a great time as a class at our first car wash. Remember in the middle of the year when the chicken pox epidemic broke and most of the class was out sick?

SOPHOMORE YEAR 87-88

Entering our sophomore year, we found the hardest part was spelling "Sophomore" at rallies and parades. Mr. Dowgiert was again our advisor. We started the year off really well. Since we had a year of experience at float making, we decided to make our float of paper maché along with the usual napkin flowers. Does anybody know if the paper maché ever came off the garage floor at the McCords? The theme was "cereals;" we chose "Circus Fun," and it was a good choice. We got first place. Ken Burke and Sue Avery represented our class as Duke and Duchess. We started planning for our prom by having lunch meetings and fundraisers. We had a bottle and can drive; remember the sticky soda all over everything? We also sold candy. A major feat to our credit was bringing the coke machine back to the school.

JUNIOR YEAR 88-89

Mr. Dowgiert was again our advisor; and this year he had a lot to oversee. We had the Booster Day, fundraisers, and the prom. This year's theme was "Disney." We chose Figment, a big purple dragon made of felt (it wasn't as messy); we received second place. The parade was rained out on Saturday, but everyone was ready to follow our float on Sunday in a smaller but just as good parade. Chris Clarke and Michelle McCord represented our class as Prince and Princess. We had a lot of fundraising to do; we had a bottle and can drive, a car wash, sold candy, and had a dance. The prom committee had a lot to do to get ready for the prom. It was held on May 12 at Page's Loft in Northampton. The theme was "Hold on to the Night." We decorated with silver, white, and blue balloons. It was a great night for all who attended.

SENIOR YEAR 89-90

Well! We finally made it! We are Seniors! Marie Beaubien took over the job as advisor. This year's Booster Day theme was "Cartoons." We constructed the Flintstones. Jarod Boissonneault and Shelley Deso represented our class as King and Queen. This was also the year of headaches; most seniors were so busy filling out college applications, visiting colleges, getting references, and waiting with baited breath for acceptances that we never noticed how fast the year was going by. We also needed money for the class trip, gift, and graduation. Our first fundraiser of the year was a bottle and can drive; it did not turn out as well as other years. We held a Valentines dance that went over well. Everyone was excited about the class trip to Montreal. We also all had senioritis, how many seniors were at lunch and study halls?

Respectfully submitted,
Kelli Moore, Class Historian

Once upon a time . . .

Our school system has been in continuous operation since 1756. Back then, the school "year" was only four months long. In 1836 there were eleven local school houses, but the average attendance at each was about sixty-four students. The buildings were crude, and poorly lighted. The teachers were very strict and could strike the students. In 1876 the average teacher's pay was nine dollars a week. Subjects that were taught at that time were: Arithmetic, Philosophy, Physiology, Geology, How Plants Grow, Latin, Greek, French, and Geometry. In 1903 Superintendent F. P. Davison ordered a high school to be built. The actual building was completed in 1904 and built on "the plains bought from the Turners Falls Company." This was the "old" high school that many of our parents attended, which was razed in January, 1987. Even in 1965 students were complaining about there not being enough space, too much homework, and not enough extra-curricular activities. The school day then was from 7:45 to 1:00 p.m., and extra-help and activities took place from 2:30 to 4:00 p.m. In 1965 there were three tracks that a student could be placed into: college prep, business, or manual training. The three sections hardly ever saw each other. The different grades were also kept separate.

Many things have changed in curriculum since our parents went to school. But that was then . . .

Mechanical Motivation

Woodworking & Graphic Arts

Wood Technology is open to boys and girls in grades 9-12, who wish to explore the various aspects of working with wood. Emphasis is placed on the operation of power equipment common to this area. Useful pieces of furniture are constructed by each student as part of his/her assigned work. Upon course completion, a student will have the background to specialize in this area or to use the knowledge gained for leisure time activities. The classes in Woodworking Technology also provide a means of applying Math and Science in a practical way, develop a person's awareness of one of our nations major industries, while also providing some marketable skills for future employment.

Graphic Arts is a class full of fun and interesting things to do. However, if you're looking for an easy class, this isn't it. It is very demanding and takes time plus a lot of added effort on the individual's part. Three major forms of printing are studied and practiced: letterpress printing, screen printing, and offset printing. Students also study photography, and can often be seen around school functions taking pictures. This year the Graphic Arts class had a display of the different kinds of work that they do. A segment of the class is dedicated to showing students what type of jobs are available applying the type of things that they learn in class. Mr. Hazlett also takes the class on various field trips to show people in action at printing, photographic, and silk screening jobs.

This class is known as tough because of the vocabulary and the material covered. But, don't let that scare you off. Mrs. Neville goes over the course work until everyone understands. She'll try to approach problems in many different ways. There's also a workbook that goes along with the class. In September, the workbook is your worst enemy, but soon it becomes a friend because it makes you understand the material more thoroughly. There's a lot of hands on experience in this class. Models of things like ossification of a bone (made with frosting and whip cream), pipe cleaner sarcomeres, and balloon vessicles of acetylcholine make it easier to learn. Drawings with colored markers also help the students to visualize parts of the body. Most of the students feel that this is a balanced class, between bookwork and labs. (Dissecting always gets mixed reviews.) Conversation about the material abounds and everyone tries to help each other learn. Student attitudes toward science are changing because of this class. Now students are taking more notice of their own bodies and know what the doctor is saying about them. Knowledge learned in this class is the type of information everyone should know about the human body.

There's never a typical day in Biology. One day you could be out in the greenhouse weeding and planting, the next dissecting pigs, frogs, or sheep eyes, and the next day painting a brain on the ceiling. On greenhouse days, Mrs. Neville is usually dressed down, and hurries everyone out, because if it's sunny, she says you can make some Vitamin D for yourself without having to drink any milk. Other days, students work on labs which have to be written in lab report form. Variety is the key word in class. In the course of a week, things can be so diversified that everyone gets to do something that they enjoy. Students are also given the freedom by the teacher to discuss what's on their minds. There's a lot of sharing that goes on in class, and you don't have to feel intimidated by anyone. Mrs. Neville puts the information into words and situations that everyone can understand, and she's very in touch with the student's needs. However, there are things that students don't like about the class. They include quizzes, Check Yourself questions, and tests, but you quickly see the need for them. This class is intended for the thinking citizen, who will determine the direction of change on planet Earth. Biology informs the student of fundamental biological principles, provides a working vocabulary, and gives the student knowledge to make wise decisions.

Sewing & Food Preparation

In sewing class, Kim Richotte and Amy Bezio work together to finish a project. Below Tracy Barnes closely inspects the hem on a piece of clothing, and tacks it up.

Clothing construction is a course designed to help students to improve and learn new sewing skills. For the beginner, there is Clothing Construction I. In this course the student learns the basics of sewing and things like how buy material and notions, how to lay out a pattern, and how to correctly sew a button on. Clothing Construction II is the next step. It is a little more advanced than I. These are both half year courses. Clothing Construction III is for the more serious student. It's a full year course and more difficult sewing projects are required.

The introductory course in Food Preparation is open to all high school students and is designed for the purpose of producing students that are skilled in the art of food preparation and informed in the field of nutrition. The emphasis in the program is not entirely on food preparation and basic nutrition, but also in the application of these skills and knowledge toward planning and budgeting meals and being a literate consumer. Food labs are an outgrowth of a study of the basic food groups.

Chemistry & Physics

Michelle Hammock performs a centrifical force lab, trying not to hit herself in the head!

One, two, three, four- yep, that timer works Mr. Slattery!

Chemistry is the study of the composition and properties of substances and their reactions with each other. This means when you mix elements in a Chem lab, ideally you're supposed to know what will happen, but surprises usually occur. Chemistry is the perfect class for those with inquiring minds. However, Mr. Slattery makes sure that no one goes wild with the chemical. You have to pass a lab safety test before you can do any of the labs. The labs make the class exciting and demonstrate certain properties of elements. Through hard work and commitment you'll get through some of the toughest labs. Labs range from learning how to break glass tubing to discovering just what is in your "unknown" vial of solution. It's important that you pay attention and take accurate notes in this class. Mr. Slattery teaches you not only Chemistry, but valuable problem solving techniques.

Ange Smith and Jen Strysko concentrate on Michelle's flying bob while Tara Perkins takes down the data.

Shane Voudren lures in the bob, snagged on some unsuspecting middle schooler, while Nate Chase gives him the evil eye.

Not being an easy course, Physics makes many students nervous. Mr. Slattery is a challenging teacher, but if you put in extra effort and work hard for your grades, you will probably do fine. Mr. Slattery tries to explain things in a way that everyone can understand. Labs tend to be one of the highlights of class. They are fun, and make it easier to learn. Most people take Physics to prepare themselves for college and life beyond high school. When you've accomplished something in this class, whether it be a lab report or a major exam, you feel good because you know that you've tried your best. Studying bodies in motion, matter and energy, and falling objects gets you to question just why certain things happen the way that they do.

A frequently seen tutoring session. 'Professor Slattery' shares his accumulated knowledge with eager pupils Deb Partridge, Craig Brown, and Cathy Smith.

Room 108:

A Special Addition

Michelle Peloquin helps Jenny Grover choose between chips or crackers.

Betty Tegel teaches Hope Smith useful model office skills.

Room 108 has been a new and exciting addition to Turners Falls High School this year. A self-contained classroom for four special needs students, there are many neat things that happen throughout the course of the day.

The students work on skills that may enable them to become more independent in various skill areas. They learn skills in cooking, laundering, the office, leisure time, and many more. Weekly trips to the IGA, restaurants like McDonald's, and the French King Bowling Alley make learning fun and exciting.

Mainstreaming the students into various classes such as model office, swimming, art, chorus, and home ec. has allowed the students to meet and interact with other students in the school. Kara Cenzano, Hyan Joo Hong, and Susan Burnham have served as peer educators in the classroom.

Marcia Mason (with Kathy Bennet) looks forward to the time she spends with the music classes.

Carrie Munutello works with colors and shapes with Mary Moore.

New Seniors Of 1990

SANDY SCOTT
Sandy came to TFHS from Hazen High, home of the Highlanders, in Renton, Washington, which is a city in the Seattle suburbs. Sandy has been to four other high schools and said that it's tough to change especially if the school is in a new state. The yearbook staff asked Sandy if she had any advice in helping new students feel welcome; she said that when she came to TFHS she thought everybody was great. Some of the students smiled and greeted her with hello's which was something she didn't expect. Many people made her feel welcome, and she thinks the most important advice is that we should make new students feel welcome and at ease.

Melanie's old high school was Northfield-Mt. Hermon before she became apart of the Turners Falls High School, Class of 1990. When asked how it felt to change schools in her senior year she said that it was rather difficult. One problem is when writing your senior directory, nobody really understands but your friends from your old school. Melanie said, however, that the people at TFHS made it easier to adjust.

MELANIE GIBSON
"What lies behind us and what lies be4 us are tiny matters compared to what lies w/in us." Melanie's goal is to be different, think different, and let EVERYONE know!
Likes: Dave, August 15, weekends, dancing, sleep, CSJJTBNHBMEF-SDSM-ILY mem-the river, Vicki's house, cookies -n- milk, Easthampton, IWHTKBIDWHTKTIKTHKILH, van, having fun w/TMTTPWPT, the Shack, Dave-our times 2gether have been great, but the best is yet to come, ILYFAA, Mom, Sis, Bro, Love ya all!

RICKY MCMILLAN
Ricky was born in Los Angeles, CA where he then moved to Georgia and then on to Mississippi. He enjoys playing football, basketball, and baseball. Ricky's main hobby is collecting rap music but he also likes to dance, because after all life is nothing but a party. Ricky's plans after graduation are to go to the Bahamas and then on to a good college where he can take up a major in Criminal Justice.

Pieces of the 80's

A SCHOOL TEACHER, Christa McAuliffe, was one of seven who died in the explosion of the shuttle Challenger. On January 28, 1986 a horrified nation watched as the Challenger went up in smoke. The accident was blamed on a faulty rocket seal and unusually cold weather.

CAUGHT SELLING ARMS, in 1986, Lt. Col. Oliver North was put on trial to find out who knew what and when arms were being sold. The trials revealed that the U.S. had sold arms to Iran and had used the profits to supply Pro-American guerrillas in Nicaragua with weapons.

PRINCE WILLIAM SOUND was covered with crude oil for months after one of the nation's largest supertankers spilled near the Alaskan border. This Exxon Valdez spill was the most destructive the U.S. has seen.

THE MASSACRE IN CHINA was where thousands of students were shot down in Tiananmen Square in 1989. China had started to change to a more liberal economic system, but tension rose as troops moved into Beijing to control peaceful protestors.

PLAYING FOR THE ANGELS was a life long dream come true for one-handed pitcher Jim Abbott.

COMMUNIST LEADER, Mikhail Gorbachev assumed leadership of the Soviet Union in 1985. As promised, sweeping reforms have occurred, including removal of Soviet troops in Afghanistan and with the help of Gorbachev, in 1989, the Berlin Wall "came a tumbling down!"

ACTOR TURNED PRESIDENT, Ronald Reagan was elected for his first of two terms in 1980, promising to cut taxes. He accomplished this but large deficits were created due to huge defense outlays. During his terms, the first woman was elected to the Supreme Court, he survived an assassin's bullet, and he left office as popular as he went in.

SPREADING LIKE WILDFIRE throughout the nation, Acquired Immune Deficiency Syndrome, or AIDS, shocked and bewildered many unsuspecting families. The AIDS virus was first found in homosexual communities and has spread throughout the U.S. by the use of shared hypodermic needles and sexual contact. Countless thousands have lost their lives to this lethal epidemic. As of yet no cure has been found.

NUCLEAR MELTDOWN. An explosion and fire in a nuclear reactor at Chernobyl killed at least 31 people and forced thousands to evacuate the Ukraine Area. The blast spread radioactive clouds that encircled the earth. The meltdown has set back the use of nuclear energy tremendously.

REGISTERING 7.1 on the Richter Scale, San Francisco was shocked by its worst earthquake ever. The earthquake lasted 15 seconds and took many lives. It also destroyed the two-tiered Nimitz Freeway.

THE RIGHT TO BURN the American Flag was upheld by the Supreme Court, despite fierce protests from patriots. The court later overturned their ruling and flag burning is now illegal.

TERRORISM GRIPS THE WORLD. The worst terrorist act, to date, was when 52 Americans were held hostage for 444 days by followers of Ayatollah Khomeini. President Jimmy Carter negotiated their release. Unfortunately, such acts still occur and are continuing into the nineties.

Once upon a time . . .

Life for faculty members and underclassmen at T.F.H.S. was much different than it is today. Styles of teaching, class size, and even the length of the school day were all different.

The starting wage for teachers in 1965 was about $4,800. That's a big difference from today's $18,000. Several of today's teachers started at T.F.H.S. in the mid 60's. Mrs. Scott, Mr. Avery, Mr. Roberts, Mrs. Lilley, Mrs. Robinson, and Mr. Gabriel all taught some of our parents!

Standards in teaching were tougher then too. Students were expected to study hard and to excel — and for the most part they did. On the other hand, student social behavior has not changed in 25 years - as shown by these underclassmen at the right.

The code of conduct for teachers was stricter. Women couldn't wear pants to school, and men always wore a jacket and tie. Teachers were much closer to each other in the past. With only one faculty room, there was a closeness not found in a larger school building. Teachers did not work under a contract and could be assigned duties as administration saw fit.

Class sizes were much larger than they are now. Classes weren't integrated either. Freshmen and Juniors were rarely in the same classes. School was dismissed at 1:00 (can you imagine!) and help was from 2:30 to 4:00.

Juniors

Looking Toward The Future

Our Junior year was a very busy time for our class. In September we began to organize our year. A lot needed to be done, and we were excited to begin. October saw the creation of our spectacular Elmer Fudd and Bugs Bunny float, which took second place at the Booster Day game. The Junior class was well represented on Booster Day by our Princess, Jen Zayac, and Prince, Bill Hildreth.

We also spent many long hard hours planning our Junior/Senior Prom which was held at the Hotel Northampton on May 19, 1990.

We did all this in spite of the pressure of preparing for college. PSAT's were taken and college fairs were attended by all in search of the ideal college.

This year we all pulled together and became closer as a class; we shared many good times and overcame many obstacles. This year was a growing experience for us all.

Sophomores

Holding Fast to Traditions

The Sophomore class has a lot on our minds this year. This was the year that we had to really start getting things together. One of our number one priorities was raising a lot of money so we can put on a great prom next year, as Juniors.

All of the upperclassmen have told us "Sophomore year is the best year of high school." So far that holds true. Booster Day showed our class that we could continue the tradition of 10th grade's winning first place for floatmaking. (Maybe next year we can break it.) We were proud of Mighty Mouse and of our Duchess, Dani Letourneau and Duke, Matt Pelis. A great turnout at the rally helped us to also get second place in spirit.

In addition, all of our classmates started really uniting and have matured a lot since freshmen year. We all hope the next two years will hold more and more good times to make high school a great memory.

Freshmen

The New Kids On The Block

As freshmen, we came into the high school feeling awkward and scared. We quickly went from being big fish in a little pond last year, to little fish in a big pond this year. But when Booster Day rolled around, we showed that we were a force to be reckoned with by winning the Spirit Award. For our float we made Popeye. Katie Letourneau and Kris Semb represented our class as Lady-In-Waiting and Knight.

We also went through a lot of other new experiences this year, like high school sports, dances, rallies, and float making. These experiences helped us to grow to the point that we could call ourselves true high school students. We all fell into our little cliques, but managed to stay together through the good and bad times.

So, we managed to live through our first year of high school; and hopefully it will be remembered as one of the greatest years of our lives.

The freshmen demonstrate one of the many mishaps encountered during Spirit Week — "spilt" paint.

Administration, Faculty And Support Personnel

The faculty is an important part of every student's life at TFHS. Sometimes, though, we forget just how important they are. Not only do they teach us the basics we need to succeed in the "real world," they also help us in our various projects, endeavors and clubs. We know they are always willing to take time from their schedules of meetings and correcting papers to help us out or just to listen. Many teachers can often be seen helping with fundraisers and chaperoning dances. They give their time to coach sports and advise clubs, and their hard work is appreciated by all.

Once upon a time . . .

Sports are a vital part of anyone's school years. Involvement in sports runs from the mandatory physical education class to the varsity starter on three sports. Most people enjoy physical activity if they're having fun while playing. This was true as far back as 1965. Back then the biggest rivalry was with the Greenfield Football Team. That rivalry continues, but others have developed such as the ones with Amherst's Volleyball Team, and the Pioneer Field Hockey Team. Twenty-five years ago, basketball and softball were the only sports for girls. A few years later, volleyball emerged as a very popular women's sport. Sports were seen as something that was for boys and too rough for girls. Those people had never seen a high-strung field hockey game, where players often endured bruised shins, bumps, and broken fingers.

Sports both then and now provide an outlet for extra energy, a time to release stress from an academic situation, and a way to learn the value of teamwork. Long hours of practice pay off when the players steps on the field, court, or track.

Through the years, sports have played an important part in high school students' lives. Athletes learn the values of fitness, joint effort, self-confidence, and motivation. Lessons such as these are hard-learned and can best be experienced through sports.

Six-Year Struggle

The Turners Field Hockey team has had a reputation of not being well . . . good. It was hard for the team to keep their heads up.

As the season progressed, it became obvious that it was different from other years; instead of 0 to 13 losses, the games were much closer. There were many heart-breaker games that were lost by one point. The players attitude changed and they began to pull together to work as a team.

Jen Emond had a really impressive game against Frontier where she had 28 saves. June Sauter and Jen Stafford made up a strong back field. June was co-captain of the team, chosen to play in front of College coaches, and an FCL all-star as a fullback. Missy Albright and Sonya Lamonakis were the power hitters of the team. Tracie Campbell was a consistent player; you could always count on her to play her position. Other players on the defensive end were Dani Letourneau, an asset to the spirit of the team, Andrea Beaubien, a very versatile player, and Emily Albright, another versatile player who was called on in times of need.

On the offensive end, Jen Nietsche played her position well and was very aggressive any time she held a field hockey stick. Ange Burek was an asset to the Offense by playing her position. Debbie Bogue really pulled it together in her last career game against Pioneer; she got the ball down to the offensive end many times. Kate Letourneau and Jen Parent will be prominent members of next year's team. Angela Smith, Kelli Czernich, and Willow Stafford provided their much-needed support to the team. All in all, the Field Hockey team had a good season. They won their first game in six years against Pioneer. Debbie Bogue scored in the first half on a pass from Missy Albright, then to score the winning goal Missy scored on a penalty stroke in the second half. Great efforts were given by Kelli Czernich, June Sauter, and Tracie Campbell. The only casualties were the other team and Jen Nietsche's black eye. They worked hard to bring respect to their name, and they hope in years to come that Turners Field Hockey will not be a name to laugh at but a name to respect and fear.

The team had their banquet on Thursday, November 16. Awards were given out at the time. June Sauter was the "Most Spirited," Missy Albright was the M.V.P. Defense, Debbie Bogue was the M.V.P. Offense, Emily Albright and Jen Parent were the "Most Improved Players," and Willow Stafford was given a "Good Sportsmanship" award. The captains for next year will be Dani Letourneau and Kelli Czernich. The Turners Falls High School Field Hockey Team ended, not with a whimper, but with a bang.

When all else fails, you can count on the spikers from Turners Falls High School to represent our school in Western Mass. post season play. Once again the volleyball team at Turners compiled an impressive record of 18 wins and only 1 loss.

The Turners team clinched the Western Mass. Championship by winning the exciting final match against Amherst High School, the only team to beat them in the regular season.

The team was led by senior tri-captains Carrie Task, Deb Partridge, and Cathy Smith. All three were chosen for the Western Mass All Star Team. They pumped up the team all through the season with their motto "Kill Attack Receive Tonight."

Other team members who got a lot of varsity playing time were sophomore, Angela Wonsey, and Juniors, Jean Robertson, Leslie Lemon, and Vanessa Lemon.

The junior varsity was led by Senior, Nicki Lafleur and Junior, Beth Sullivan. They got together to reach a season total of 5 wins and 9 losses.

These guys weren't too pleased with the first half of the game, but they came back to beat South Hadley.

The 1989 Soccer Team entered the season with the potential to qualify for the Western Mass. Tournament for the first time ever. With seven seniors and a host of returning starters, the soccer team returned to school with great optimism and anticipation.

The team was lead by senior captains: Jarod Boissonneault, Tom Scott, Pat Martineau and junior, Jon Labelle. This cast of leaders showed tremendous work ethics which flowed through the team and the end result was the best record in the history of this sport at Turners Falls. The Western Mass. dream was still alive with just two games remaining in the season. The Turners team had to travel to perennial power Pioneer Regional and beat them on their home turf. The best the boys were able to do was a one to one tie which eliminated them from post season play.

The soccer team did accomplish one major step and that was to show the surrounding communities that Turners soccer is a very respectable opponent. The excitement for the game of soccer was very evident in the hallways of Turners Falls in 1989.

The following awards were awarded for the 1989 soccer team: Top Offensive Player, Jarod Boissonneault; Top Defensive Player, Tom Scott; Rookie of the Year, Chad Waryas; Most Improved Player, Bruce Young; 12th Player Award, Jon Labelle (also 1988 MVP). League All-Stars, Jarod Boissonneault-halfback, Tom Scott-goalie, Jon Labelle-halfback. Honorable Mention: B.J. Guerin-halfback

Features On Football 89

By looking at the 1989 scoreboard one might think that the Turners Falls Football team had nothing going for them. However, that is not true. These young men were dedicated athletes who committed themselves to hard, grueling practices day after day, rain or shine so that they could play and represent T.F.H.S. to the best of their ability each Saturday.

Captains Kris Bourbeau, Craig Brown, Jake Casino and Jim Dion showed outstanding leadership by keeping the team's spirit up and not letting them quit. Aided by Shane Voudren, Dave Gerrish, and Aaron Crowell, these seniors set a fine example and were picture role models for an eager group of underclassmen.

The 1989 Turners Falls Football team provided many exciting and memorable moments for their enthusiastic fans.

Ready Turners —
Did you hear? We LOVE to cheer!
SPIRIT ....
Dedication ....
-Gets us what we want-

1989 Football season- Summer nights of long hard (fun) practices, gave us the inspiration to "Shout Turners Shout" at those cold windy football games. "We're from Turners Falls and no one could be prouder!"

1989-1990 Basketball season quickly came upon us. "Boy this place is jumping." Pep, precision, and mounts gave us the limber bodies and stiff motion needed for the upcoming Tournament season ...

"Sixteen Minutes of Glory"
"One Two Three Four We Cheer For"

Strive for success is what we did at Belchertown; we won second place. Then it is off to Franklin, Chicopee, and David Prouty, where I'm sure we'll do it again.

The end of the season is here. Thank you all fans, friends, and T.F.H.S. for all your support and dedication. Also, thank you to Alana Holmes and Lisa Dumas for their hard work and dedication.

SENIOR CHEERLEADERS: WE ARE PROUD OF YOU!

Thank you,
Marie Beaubien and the T.F.H.S. cheerleaders

Come On Boys Hoop It In!

The 1989-90 basketball season opened on the twelfth of December in Northampton at the Casey Classic. The opponent was Dean Vocational and Turners Falls had to deal with an overtime loss. Fourteen players appeared in the score book and fourteen of them saw some action. The team consisted of nine seniors, three juniors, and two very promising freshmen. Tom Scott, Jarod Boissonneault, Craig Brown, and Jason Dobosz were selected captains. The varsity roster contained six returning lettermen, Boissonneault, Brown, Casino, Dobosz, Bourbeau, and Scott, and some very promising newcomers in Mark Burnett, Shawn Whitney, Ricky McMillan, Jason Parker, and some young talent from the freshmen class in Mark Cady and Steve Smith. The optimism was on the uprise and it now was a matter of getting the team to become a team.

During mid-season Turners faced Mohawk Regional, which was claiming squater's rights on second place. WHAI was on hand and most spectators expected another rendition of a "Turners trouncing." However, Tom Scott and Mark Burnett teamed up to score all of the Turners' first half twenty-one points and Mohawk found itself with only a three-point lead at intermission. Mohawk's superior height advantage and home court advantage was too much for the Turners' upset intentions, but the team showed signs of good things to come.

Good things did come. The much improved Turners squad pulled off its sweetest victory of the year. Ludlow came to town and scrambled to an eight-point half-time lead. Their lead shrunk to five points after three quarters and their lead was history as the final seconds ticked off the clock. Turners had out-scored them by a twenty-one to thirteen count and the final score showed Turners 53, Ludlow 50. The backcourt of Boissonneault and Dobosz found nothing unlucky about the number thirteen as they both tied for team scoring honors with thirteen.

Although the wins/loss column doesn't show it, this year's basketball team was a competitive group of players that never gave up. Several games were lost by only a few points. Numbers were small this year, so consequently the junior varsity program was lost. The team was then reduced to eleven players because many felt they wouldn't get any varsity playing time. The team will be losing senior co-captains Deb Partridge and Missy Albright. They will also lose seniors Carrie Task and Tracie Campbell. The scoring column was led by Deb Partridge who accumulated 200+ points. Missy Albright was second with 111. For next year the team hopes to look toward Carrie Albright and Jen Stafford to lead them to victory.

Angela Burek takes a free throw as Carrie Task and Deb Partridge wait for the rebound.

This year the boys' varsity ended with a record of 0 wins and 10 losses. Despite the team's lack of depth, members of the team had an excellent season, improving times in all events. Since they are a young group, there is a lot of individual potential for coming years. The members of the boys team knew they did not have the depth to beat other teams so they concentrated on individual records. Jon Burt was the lone member of the team to make it to the Western Mass. Our Fearless Leaders In Sports

Swimming coach, Karen Ziomek, cheers her team on.

Coaches are the people who are there, teaching you the rules of the game and trying to make a better player out of you. They do it for the love of the sport. The coach is the first one to run to you when you've been injured in the game, the first one to congratulate you on a job well done, and the first one to tell you when you've made a mistake. They put in long hours thinking of new plays, or how to better the team when things aren't going right. They take on the agony of defeat and the thrill of victory. When a team loses, the coach is the first one blamed. The glory only comes with wins. To the team though, the coach is the real winner, because they couldn't have won without a coach. From all of the athletes at TFHS, we'd like to thank all of our coaches for being there, win or lose.

Field Hockey coach, Evelyn Bogue, chalks up her first career win.

Mary Lou Heselton helped continue the tradition of the Volleyball Team. John Putala came back to coach the J.V. Basketball Team. Robert Avery's Winter Track Team has produced many winners. Coach Rachel Blain has contributed greatly to the Volleyball legend. Robert Fydenkevez also coached the J.V. Basketball Team. Mrs. Boissonneault and Mrs. Greenleaf always support the coaches and players. Soccer and Basketball coach, Gary Mullins, requires 100% from his players. Marie Beaubien has worked hard to coach the cheerleaders to many victories. Football coaches John O'Riley, Jim Koldis, Lew Collins (Girl's Basketball also), and Don White push the team to higher goals each season.

Steve Ciechomski coached the golf team to a better record this year. David (Sir John) Knox's boy's tennis team had an incredible season. Robert Avery and the girl's track team had members go all the way to States this year. The softball team coached by Gary Mullins can't be beat as they dominated the league this year. A super baseball season was due in part to the coaching efforts of Jim Koldis. Barry Coppinger coached the girl's tennis team to a season just short of .500. Sink that ball Xavier Jackman and Mark Lambert! Ryan McCord decides which club to use. Steve Kalinowski concentrates before a putt.

The TFHS golf team had a very respectable 9-8-1 record this past spring. This was a marked improvement over last year's dismal 1-13 showing. The team this year was led by Mark Lambert and Steve Kalinowski who both came on strong out of their first and second place spots on the roster. Returning lettermen Bill Hildreth, Jason Reipold and Xavier Jackman made great contributions by taking point often. Newcomers Warren Thomas and Ryan McCord did excellent jobs in earning much deserved playing time.

Mark Lambert and Steve Kalinowski were also selected to play in the Western Mass Individuals Tournament at Wahconah C.C. in Dalton, MA., shooting respectable scores. Also, congratulations go to Mark Lambert on being selected to the All-Star team of the Hampshire-North Division.

Serving Up A Super Season

Having its best season in the eight years Mr. Knox has coached, the Boys' Tennis Team came in second place in the League this year. The team lost only to first place South Hadley, and J.K. Moltenbrey and Jarod Boissonneault (1st and 2nd singles) both lost only one match during the season. In individual Western Mass play, 3 players — J.K. Moltenbrey, Jarod Boissonneault, and Lance Wondoloski — all advanced to the second round. Though they did not do so well as a team in Western Mass, they can look forward to another strong season next year.

In the beginning, the outlook for the upcoming season was somewhat of a mystery. Would the Turners Softball Team be able to produce the best pitcher in Franklin County? The answer was yes! thanks to a lot of hard work done by Senior right-hander Carrie Task. Task, along with Deb Partridge and Cathy Smith led the team to a 19 win 1 loss record throughout the season, losing only in the state finals. Carrie was backed by a strong defense, a must to become a strong softball team. The team's main goal was to conquer the mountain which it did in the Western Mass. finals with vengeance. Once their goal was reached, their new goal was to become the second team in Turners Falls High School to become state champions. Their bid to join the ranks of the 1945 baseball team fell short in the state finals. The team thanks everyone for supporting them through their season, and are proud to be The Franklin County League Champs, the Western Mass. Division II Champs, and the State Division II second place winners.

The 1990 team from left to right: front row-Seniors, Tracy Lapointe, Carrie Task, Cathy Smith, Deb Partridge, June Sauter, and Missy Albright. Back row-Andrea Beaubien, Emily Albright, Sara Rastallis, Sonya Lamonakis, Carrie Albright, Jen Parent, Kera Spring, Heather Nietsche, Angela Burek, Teresa Emery, and manager, Tracy Bartus.

The team gets a pep talk before their monumental game against the Spartans.

Turners, being the home team, the scoreboard shows who is queen of the mountain.

Although they didn't start, Freshmen (top to bottom) Jen Parent, Andrea Beaubien, Emily Albright, and Teresa Emery, kept the team upbeat, cheering for them, providing support, and being all-around utility players.

Senior battery mates Carrie Task and Deb Partridge provided the power for the Turners' defense.

Dedicated fans disperse after the game against Monument Mountain.

The 1990 Turners Falls Varsity baseball team had a very successful season. The team finished with a record of 10 wins and 8 losses and failed to qualify for the Western Mass tournament by just one game. The senior members that contributed greatly to the teams' success were Jason Parker, Kris Bourbeau, Craig Brown, Dave Gerrish, and Rich Breor. With many underclassmen returning, the future of Turners Falls High School baseball seems very bright.

Boys' Track

Front row: Shane Voudren, Jim Dion, Tom Scott, Back: Marc Potyrala, Chris Zink, Sean Sexton, Sander Casino, Steve Smith.

Finishing the season at 1 and 7, the Boys Track team found itself consistently outmanned but not outclassed in dual meet competition. The quality of the team showed through in post-season competition. At the League Individual Championships, Sean Sexton won the 100M and smashed the school record in the 200 M. Also placing at this meet were Tom Scott, (high jump), Steve Smith, (shot put), Bruce Young, (800 M), the 400 M Relay team of Devin Lively, Marc Potyrala, Jamie Tela, and Smith, and the 1600 M Relay team of Brad Hmieleski, Potyrala, Young, and Shane Voudren. At the Western Massachusetts Championships, the team from Turners finished eighth, outscoring three Franklin County teams that had beaten them in dual competition. Scott, Sexton, Smith, and Young all scored at this meet.

Sean Sexton's feet hardly touched the ground when the broke the 200 M school record at the Individuals.

At Individuals Tom Scott goes over his last hurdle en route to the finish line.

Senior Class Trip

Left to right- Seniors Craig Brown, Bruce Young, Mark Burnett, Kris Bourbeau, Boog Lessard, Tom Scott, and Jarod Boissonneault sport the "Cool" look of the Class Trip.

Class Advisor Marie Beaubien (surrounded by Meagan Billiel, Nikki Hawkins, and Kim Thurber) shows how happy she was that it was raining and the buses weren't coming until the next night!

Despite the rain and another element, some of the class went on a bus tour where they saw the Olympic Stadium. Although it was raining the class had enough spirit to pose for a picture.

Angela Smith, Mark Burnett, Boog Lessard and Billie Beaubien are ready for a night of waltzing and dishes of Octopus. On the other side of the building the feeling was the same-you can take my picture, but I refuse to be happy!

Angela Smith, Mark Burnett, Boog Lessard, and Billie Beaubien visit their "Hotel Room" friends.

Once upon a time . . .

there were many businesses in our area which were supporters of TFHS yearbooking but who are no longer in operation. Commercial advertising has always played a large part in the production of an annual yearbook. Turners Falls and area businesses have been very generous over the years. Each year, the yearbook staff must raise the entire cost of their yearbook through advertising, book sales, and fundraisers. Not only does commercial advertising support books, but in turn advertisers receive life-long advertising benefits — unlike advertising in newspapers or magazines which often have the life of a day or a month. Some loyal supporters of Peske-Tuk twenty-five years ago are pictured on this page.

To all my friends:
Erica- one more year, good luck with Dave; Megan- remember how things used to be?; Becky- don't forget braiding my hair in homeroom; Tim- always going out in the field; Mike C.- remember our talks? the lecture hall?
Thanks for being there; Kim- always smiling, good luck with Rich; Kristy- always with Nick; Becky- always talking about Bob; Heidi- good luck in whatever you do; Mark & Becky C. - one more year to go!
Love, Julie

Dave,
Having you for a best friend has been one of the greatest things that has happened to me, thanks for being so patient (#5).
Whatever part I am in your future, I hope you are always happy with yourself and your accomplishments. Remember, you should always work a little harder than you have to, to get what you want. Congratulations!
I love you! Forever and always, Jen (JB)

To: Angela, Tara, Missy, Tracie C & L, Nicki L & L, Deb B & P, Jens S & N, Leigh, Amy, Sue C & A, Michelle M & M, Cathy, Juner, Carrie, Bruce, Mark, Jarod, Franchot, Tom, Craig, Jamie, Jim, Jason, & Shane . . . . , I'm happy to say that I finally graduated & no longer have to attend TFHS, but now a big part of me is going to be missing — all of you. Growing up with you guys has helped me to realize who I am, and for that I thank you. I just want you to know that I appreciate all the love and support you've given me throughout the years. Even though we must go on and make new friends, I hope that we'll always remember each other and the wonderful times we shared. I wish you all the luck, and I'll never forget you.
You all mean so much to me.
Love, Shelley

Jen N., Nik, Jen S.,
This is it! Our last year of high school together. After this we'll be going on with our lives, going to college, having a career, getting older and getting married (?).
Even though our chances of being this close again are slim, I'll always know you have been the very best friends a friend could have. Here are a few memories I'll never want to forget: Going down "do not enters" in SPFD, looking at all those beautiful trees, taking long convertible rides to nowhere, chip-n-dips, Hampton Beach, floatmaking, stairway talks at Jen's, going for our licenses, waterskiing, New Year's Eve, pinkies, girl talk at Andrea's, Stone's concert, and our Prom.
I love you guys!

Mis, Deb, Ange & Shel,
You've always been there for me, even though you do like to 'get my goat'. These were the best years; let's never forget them. I'll always be there if you need me. Shel, you're always a bud; I won't give you spider onion soup. Ange, hope you make it in the big city — don't get lost. Deb, remember, look at the bright side — have fun with cows. Mis, you'll do great — you'll find a KS somewhere.
Love always, Tracie

Julie,
Your hard work has finally paid off and you are graduating. It has not been easy planning for our wedding and doing your school work; but even with everything you had to do, you always seem to have time to make me feel special. If they gave gold medals for hard work and determination, you would surely get one.
With all my Love, Keith

Nicole,
In the fall, leaves fall from trees and just blow away, but this is not true of the evergreens; and so it's the same as all the times we shared because they will always be a part of me.
I'm proud of you!
Love, Scott

Stim,
Well the time has finally come; I imagine you never thought you'd hear those few but meaningful words. We've been friends for the longest time. I can't begin to tell you how much I cherish our friendship, and I don't know how I'll ever get through next year without you; let alone, you getting along in college without me. Well the best of luck to you in the future, even though I know we'll always keep in touch.
Love ya, Skerica

Mom, Dad & Ange:
I finally made it! Without your patience, guidance & understanding I wouldn't be the person I am today.
Through all the bad times you stood by me showing me what way to go, but with all the good times we laughed together.
And now I sigh with relief that my high school years are over and proud to acknowledge you, my family. I love you all.
Love always & forever,
Leigh Ann

We've had a lot of fun together, but just remember: Ang-Stay away from McD's garbage cans. Tracie-Things aren't always how they seem .. (car, beach, looking at you, guys) Debbie- You can run faster, swim faster, but I can tie faster. Good Luck you guys .. Just remember who your real friends are .. Just keep in touch. By the way . . . Where is Huckle Hill Road? (that is definitely a one snorter)
Love,
your sincere friend,
Missy

Bree, Hey, You did it! Congratulations! Never forget all the fun times we've had. Especially "Back In Black," and "You're on the wrong side of the road!" You've been a really special friend who has always been there for me. I think we've settled all our "Major" problems at the park. I wish you all the luck after graduation. Stay out of trouble!
Love, Lis

Tina,
I want you to know that I wish you the best after graduation. We did have a lot of great times together; all our mall trips on Friday's, hanging out at Pizza 'n' Video, and that "poem" you read to me over the phone! I know things have been tough these past few months, but hopefully they'll get better, soon. I'll never forget the memories and your friendship. You're really special and I miss you.
Love,
Lis

Barbie,

Ever since that first day mom and dad let me hold you, I have thought of you as a special friend. You are always there encouraging me to do my best. You are the first to congratulate me when I win and the first to give me a hug to cheer me up when I lose. I want you to know that I will always be here for you whenever you need me. Thanks for being the best friend I ever had.

Good luck in your next four years. Take your time and do as much as you can because it goes by really fast. Enjoy it while it lasts

Lots of love,

Your best friend,

Debbie

Congratulations, buddy.
I love you!
Love always,

Leigh Ann,

Hey stinger, Congratulations! So much has happened in the time we've known each other. We've spent many times cruisin, talking, and listening to each other's problems. I want you to know you're the best friend I've ever had. I never would have made it a couple of times without you. You're a very special person; you're the "Wind Beneath My Wings." Thank you for your friendship. I Love You! Love, Lis

To Melanie, Staci, Tracy, and Nicole.

Keep the good memories, and never forget them. Stay in touch.

Your friend forever,
Kimberly

Missy- remember E-I-E-I-O, Frrrrt, and chicken dancers?
Lori- remember that we will NEVER be like our mom's, "Oh, Mrs. B!"
Tracie- remember Hampton, "Look at all those guys looking at me!"
Deb- remember being Deb^2 and Sr. Investigators?
Cathy- remember eating my lunch?
Carrie- remember French class?
Nicki- remember gossiping in Per. 5 study?
Shelley- remember Spaghetti-o up his nose?
Sue- remember all the fun we had on track?
Juner- remember Comp. class?
Jason, Tom & Jarod- remember all those morning lifting dips that ended with 9 and a swing?
Angela- remember Unicorn computers?
Tracy- remember working on the underclassmen section?
Gail- remember beating a certain Butterflier?
Holley- remember L.Q.?
Tim- remember "Did you practice the piano this week? Me neither."
Tara- remember being Freshmen on Varsity Cheering?
Billie- remember being Smurfs?
Shane- remember the 7th grade social?
Lisa- remember making the paper as double winners?
I would like to thank all of you for all the friendship and support you have given me the past four years. You are the best friends anyone could ever ask for. Good luck next year & keep in touch.

Love always, Debbie

Nicki,

We've known each other for a long time (obviously); and though we're sisters, we are also friends. I hope we keep in touch as we get older and stay as close as we are now. Good luck in the future, and thanks for being you.

Love,
Dani

To Mongy, Pookie, and Buddy,
We've had a lot of fun together. Never forget what we used to do when we were little. Good luck through high school (Buddy through elementary). Just be careful that you don't take over my room!
Your big sister,
Missy

Kelli,
We have had some really good times together. Remember: BBBB, Connecticut, N.Y. City, Franklin County, pictures at 6 a.m., tobacco, certain nicknames, water fights, "Blue is pretty; I like blue."
We have also had some not so great times. You've been a great friend and a really good listener (of course while using MY gas)! I wish you all the luck and happiness in the future. No matter where I end up in this world, I will always be your friend and will be ready to have some good times together. Keep smiling, Kel!
Love, Tracy

LISA AND BJ

Best of luck to our special niece and cousins. You are two quite wonderful relatives that we've always been proud of.

Love
JEANNE, HENRY
JENNIFER, HEATHER, DANNY

Sincere best wishes to the #1 class of the decade!

Mr. D.

To all my friends in the Class of 1990:
Thank you for forever being there, to remind me that I could do anything and be everything I ever wanted. Thank you for knowing I cared without me ever having said it. Because no matter where I go, no matter what I become, you will be with me, in my memories and my dreams. For you all created my memories and supported my dreams, for you are my friends and are forever in my heart.
Love
Tracy

Congratulations

MICHELLE, NICKI, JEN S.

Thank you for being your kind, caring, and supportive selves. And thank you for being a real friend to Jen. The very best to each of you.

Love,
THE NIETSCHE'S

"HERE'S TO YOU, Michelle!"

We are so proud of you — in all you've done, all you've accomplished and for the person you have become. Congratulations on NEVER EVER missing a day of school, never being late or leaving early. Your one in a million. [illegible] Dreams [illegible] to make your dreams come true. Love, [illegible]

May You Be As Happy In The Future As You Are Here.

Proud To Be Your MOM And DAD

To Tom Scott

'Twas the 7th of December in'71,
When Mom and Dad hopped in the car on the run.
Off to the Farren, in the dead of night,
To see what was on the stork's next flight.

A girl was expected, after two boys,
Someone quiet and nice, without all that noise.
"It's a boy!" said the doc — what had we done?
We'd just produced another Scott son!

Cuddly and cute, with a big wide grin,
There wasn't a heart you couldn't win.
Good-natured and friendly — a mother's delight,
You couldn't annoy her, try as you might.

Now the time has arrived to strike out on your own,
So remember the things that you've learned at home.
Be loving and gentle, treat people with care;
Find helpful ways, your talents to share.

Find a nice girl, with a family to raise;
Never find fault, prefer to use praise.
Follow these guides, take them for true;
The world will then be, the better for you.
Love, Mom and Dad

Congratulations, Kelli
You have made our lives so happy and full. We are very proud of you. May all your dreams come true.

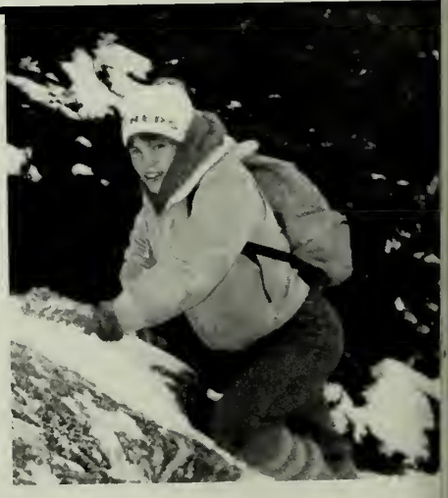
Dear Joanne,

You have a strong, beautiful spirit within you . . .
A spirit that is capable of taking you as far and as high as you want to go.
We know there are great things out there for you.
And it is within your power to make them happen.
We believe in you!!
Congratulations and Much Love,
Mom, Ralph, Albert and Kristofor



Sue,
You have always been such a joy and a shining example of what all daughters should be.
We know that you will find happiness and success because of your abilities, enthusiasm, self-knowledge, and fine values.
Remember, we are always here to help you, to support you, and to love you.

Jason,

We've watched you grow from a little boy to a man before our eyes. Through laughter, tears, and happiness, the years have gone too fast. Thank you for being the son and brother you are, and remember home will always be here.

Congratulations

Love,
Mom, Dad, Jen, and Timmy

Shelley,
When you were born, Dad & I received the most precious perfect daughter that any parents could have.
As you grew into your own person, you made us proud of your accomplishments and of the young lady you have become.
Wishing you all the best of luck.

Love,
Mom and Dad

Missy,

Amy,

How can we express ourselves in so few words. We've learned so much from each other in all that we've shared.

The disappointments and tears have been many, but the joy and laughter has been more.

We're so very proud of you and wish you the best of life in the future. You have our love and support as parents and as friends. We leave you these few thoughts to forever keep deep within your heart:

1. "Get in the car, you're grounded"
2. "Aren't those the right lyrics?"
3. "Down Boys!"
4. "It's a beautiful thing."

Congratulations- with love,
Mom, Dad and Laura

Congratulations Tracy!

You made it. Good Luck in the future.
Love,
Mom, Dad and Chris

Congratulations Todd, and good luck
Love ya, Mom, Dad, and Kim

To Michelle — "First Born"
The day you were born, we don't remember
If it was warm or not,
If the sun shone or rain slashed across a sky
Obscured by pain and doubt.
But we do know that we held you for hours, stared at you
In awe —
And felt the warmth assault us,
Felt all the old, forgotten smiles creep back —
Until we weren't sure which of us had just been born.
We are filled with as much pride this day as we were 18 years ago.
Congratulations and love to our "First Born."

TO THE CLASS OF 1990:

In '86 came the "Three Blind Mice."
Your truck caught fire . . .
The sight wasn't nice.
But in '87, with "Circus Fun,"
You won!
And then in '88, it was "Figment" in the rain . . .
What a pain.
By '89, the "Flintstones" appeared
And now the end of high school neared.

Look back on these times with joy and a smile,
Congratulations — Good Luck to a Class with Great Style!

Believe that you have the destiny and ability to become all that you can be. Trust in your deeply hidden feelings because they show the person that you are. Take hold of each opportunity and make the most of it.

Search deeply to capture the essence of life and find your limitations to build upon; don't overlook obstacles, but work through them. Remember each road you choose may offer some difficulty, but if life was meant to be easy, there would be no challenges and no rainbows.

We know that you can make it and are so very proud of the person you are.

Love you deeply, Mom & Rick
